

## ON-DEMAND MEDICINES

# TIP SHEET

*A guide for physicians seeking IMLYGIC®  
from the Amgen Safety Net Foundation*

**IMLYGIC®** (talimogene laherparepvec)

**Amgen Safety Net Foundation (ASNF) is a nonprofit patient assistance program that helps qualifying patients access Amgen medicines at no cost.**

## How does the on-demand program work?

Under this model the physician submits the **ON-DEMAND REQUEST** after the patient is enrolled in ASNF. IMLYGIC® is shipped directly to the physician in advance of administration.

## Eligibility guidelines for on-demand requests

- ✓ The patient must be enrolled in ASNF.
- ✓ Requests for on-demand medicines administered in the past cannot be processed.
- ✓ IMLYGIC® requested from ASNF must be administered at no cost to an enrolled Amgen Safety Net Foundation patient. No charges may be made to the patient or any other third party for which IMLYGIC® has been requested.
- ✓ ASNF is available for outpatient use only and does not provide support for medicine administered in a hospital inpatient setting.
- ✓ Requests are not valid unless the licensed prescribing physician authorized to act for the facility or institution has initialed each line of the attestation and has signed the completed request.

ON-DEMAND MEDICINES **TIP SHEET****Questions?**

Call us at 1-888-762-6436 to speak to one of our Patient Assistance Counselors, Monday through Friday, 9am to 8pm EST.

**How to request on-demand medicine**

The physician must submit a signed **ON-DEMAND REQUEST** each week and include the scheduled administration date and the last date of administration for the previous week.

- STEP 1** Download the **ON-DEMAND REQUEST** online at: [amgensafetynetfoundation.com](http://amgensafetynetfoundation.com).
- STEP 2** Fill out the request. Multiple patients and products may be entered on a single request if the facility customer number and shipping address are the same. Have the prescribing physician initial, sign, and date the request.
- STEP 3** Fax the completed request to: **1-866-549-7239**. All information on the request is required. Failure to complete all information will result in processing and shipment delays.

**When will I receive the requested on-demand medicine?**

Once we receive the completed request, we will schedule the shipment to arrive on the third business day as long as the patient is enrolled and there is no missing information on the request form.

IMLYGIC® must be stored at -80C in an ultra-low freezer. If your office has an ultra-low freezer, IMLYGIC® will be shipped once the request is processed. If your office does not have an ultra-low freezer, IMLYGIC® will be shipped to your office just in time for the patient's scheduled administration date.

Amgen Safety Net Foundation does not charge patients a fee for its assistance. ASNF is not affiliated with third parties who charge a fee for assistance with enrollment or medication refills. If your patient is being charged a monthly fee for support from ASNF, the organization billing your patient is not ASNF and they are being charged for support that ASNF can provide to you directly at no cost.
